

ENDURING. DRIVEN. VISIONARY.

PRE K-12 EXPERIENCE

New York City School Construction Authority (NYSCA), Spring Creek Educational Campus, Brooklyn, NY

STV has provided architectural, engineering, program management and construction management services for schools throughout the country. Our Pre K-12 assignments include new facilities, improvement, modernization and restructuring projects. STV's commitment to excellence is backed by our leading-edge industry knowledge and technical capability. The result: schools that provide safe, comfortable learning environments while offering students the tools they need to succeed.

With offices nationwide, our firm has an extensive roster of multidisciplinary professionals, including staff accredited by the U.S. Green Building Council's Leadership in Energy and Environmental Design (LEED®) program, to meet specific project objectives.
